- Dual touch touchscreen
- VGA, HDMI, USB 2.0 Type A, SDHC card reader slot,
- 1.0MP webcam 720P HD with mic

AOC

Android All-in-One PC at Home

AOC's 22-inch Android all-in-one desktop, with a 1920 x 1080 resolution, makes a great addition to your home workstation. Powered by a 1.6Ghz NVIDIA T33 Quad Core processor and Android 4.X Jelly Bean OS, the A2272PW4T has an 8GB storage memory, with an SDHC card reader slot for additional external memory. The Android desktop has two 2-watt speakers for clear sounds when playing music or video.

Work and Personal Entertainment on the Big Screen

A2272PW4T will allow you to watch videos, game, work, and surf the internet on a 21.5" screen without straining your eyes. The all-in-one Android desktop has an IPS panel offering consistent image appearance, color accuracy from all viewing angles. The 720P HD camera and mic allows you to make video calls on a big screen. A2272PW4T has a foldable stand for hands-free viewing.

All the Connectivity You Need

The 22-inch all-in-one has a VGA, HDMI, 4 USB 2.0 ports, headphone-out ports, and an SDHC card reader slot.

The Android desktop also comes with your standard Bluetooth, built-in wifi, and 720P HD camera with mic just like a smartphone. Freely use the touchscreen and/or connect a keyboard and mouse via USB or Bluetooth just like a regular PC. A2272PW4T can act as a secondary extended display, without the ability to use the front-end camera.

Socialize with Built-in Webcam

A2272PW4T comes with a built-in 1.0MP webcam, with superb, bright and crisp 720P HD images that enables you to socialize with your family and friends. The embedded microphone ensures that your voice carries through clearly during video calls. Clear audio is delivered either from the built-in stereo speakers, or attach your own headphones for privacy. Having both webcam and microphone built in solves the hassle with installing camera, positioning microphones, and dealing with tangled wires.
